**This list cancels all previous quotations.**

**To The Trade:**

**Orders:** We book all orders subject to crop growing conditions and with the understanding that they shall be void should injury occur to the stock from causes beyond our control. We exercise extreme care to keep our varieties pure and true to name. On proper proof, we will replace all stock that may prove otherwise or refund the amount paid. However, we shall not be liable for any amount greater than the original purchase price.

**Cancellations** on field grown B&B plants must be made in writing and received before January 1. Cancellation of container grown stock must be made in writing 10 days prior to scheduled delivery or pick-up. Any order cancelled after this period will be charged a 20% restocking fee.

**Holding Fee:** Orders not picked up within 5 business days will be charged a holding fee unless other arrangements have been made. If no arrangements have been made after 10 days, the order will be cancelled and a 20% restocking fee will be added to your account. All spring orders must be shipped by May 15. All orders not shipped by this date will be charged the \$1.00 per plant per day holding fee.

**Claims** for any cause must be made within 10 days upon receipt of stock. We will not entertain claims after goods have been once accepted or when report is not made within a reasonable time after arrival of stock.

**Terms:** Net 30 days. A 1 ½% monthly service charge will be charged 60 days after delivery unless pre-arranged credit has been agreed upon. For your convenience, we accept Mastercard/Visa for payments.

**Conditions:** Digging forms are used on all hand dug plants, assuring uniform balls on every grade. Larger evergreens and most trees are machine dug and placed in wire baskets. We will use treated, rot-resisting burlap on all plants at no extra cost. We make every effort to arrange the most economical truck load delivery for our customers. All stock priced F.O.B. Cobden, Illinois.

**Selected** spring items stored in poly houses at no extra cost.

2.5" .....	100.00	95.00

<b><i>Quercus acutissima</i></b> Sawtooth Oak		
Not Available This Year		
Unsung species of the oak world; lustrous dark green, prominently serrated leaves turn yellow to golden brown in autumn; may persist into winter; tolerates dry soils but prospers in moist, well drained acid soils; transplants more readily than most oaks; 40 ft.		

<b><i>Quercus alba</i></b> White Oak		
One of the most handsome oaks-it's a champ! Upright-rounded to broad-rounded with wide spreading branches at maturity; grayish and pinkish emerging leaves changing to dark green in summer; long lasting fall colors of rich red to wine-red; 50 to 80 feet high and wide.		
5' #10 Container .....	35.65	34.15
6' #10 Container .....	44.55	42.45
1.75" #25 Container .....	110.00	104.50

	1-4	5+ (Zone 4)
<b>Quercus bicolor</b> Swamp White Oak		
Beautiful native tree with lustrous, heavy textured green leaves and exfoliating bark; one of the best for naturalizing in wet areas; 50 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	32.10
1.75" #25 Container .....	94.00	89.00
2" #25 Container .....	110.00	105.00
1.5" .....	72.25	68.80
2" .....	93.45	89.00
2.5" .....	110.25	105.00

		(Zone 4)
<b>Quercus coccinea</b> Scarlet Oak		
Superior glossy, dark green foliage in summer changing to scarlet in the fall; the best color of any oak; 75 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00

		(Zone 5)
<b>Quercus dentata</b> Emperor Oak		
Very large, deep green leaves in summer, color to a burgundy red in autumn; the brown leaves persist through the winter; 50 ft.		
6' #10 Container .....	33.70	32.10

		(Zone 5)
<b>Quercus imbricaria</b> Shingle Oak		
Good native for the Midwest; shining green laurel-like leaves give this tree a distinctive summer appearance; leaves persist into winter and shed in spring; 60 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00

		(Zone 5)
<b>Quercus lyrata</b> Overcup Oak		
Native oak that is relatively unknown; a bottomland species in the wild, therefore a good tree for wet areas; leaves are dark green and somewhat leathery; the common name is derived from the cup that almost completely encloses the nut; 40 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00
2" .....	68.90	65.60
2.5" .....	85.50	81.45
3" .....	99.00	94.30
4" .....	142.60	135.45

	1-4	5+ (Zone 3)
<b>Quercus macrocarpa</b> Bur Oak		
Big, impressive native tree; corky branches give it a picturesque appearance in winter; distinctive acorn is half-covered in a deep cup which is fringed on the margin; 80 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00
2" #25 Container .....	105.00	100.00
2" .....	93.45	89.00

		(Zone 3)
<b>Quercus muehlenbergii</b> Chinkapin Oak		
Native oak for much of the eastern United States; lustrous dark green leaves turn yellow to orange in fall; a fine park or large area tree; 50 ft. high and wide.		
5' #10 Container .....	30.60	29.05

		(Zone 5)
<b>Quercus nuttallii</b> Nuttall Oak		
Fast replacing Q. palustris because of superior adaptability; rich, reddish-purple new growth; red to burgundy fall color with clean leaf drop in autumn; extremely rapid growth. This species withstands greater diversity of pH and tolerates wet soils; 40-60 ft tall.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00

		(Zone 4)
<b>Quercus palustris</b> Pin Oak		
Most widely used native oak; strong central leader; usually colors bronze-red in fall with very persistent leaves; must have acid soil; 60 ft.		
1.5" .....	52.30	49.80
2" .....	68.90	65.60
2.5" .....	85.50	81.45
3" .....	99.00	94.30
3.5" .....	118.65	113.00

		(Zone 6)
<b>Quercus phellos</b> Willow Oak		
Extremely tolerant of heat, drought and stress; fine-textured habit makes this species one of the most desirable oaks; narrow willow-like leaves are lustrous dark green in summer changing to brownish yellow in fall; 50 ft.		
5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00

**Quercus robur 'Fastigiata'** 1-4 5+  
 Columnar English Oak (Zone 4)

Distinctly upright and columnar in habit; leaves are dark green to almost blue-green above; a beautiful tree that should be more widely grown; a mature tree may be 50-60 ft. in height but only 10-15 ft. wide.

5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00
1.75" #25 Container .....	94.00	89.00
2" #25 Container .....	110.00	105.00

**Quercus rubra** (Zone 4)  
 Northern Red Oak

Fast growing native; lustrous dark green leaves in summer change to maroon to bright red in fall; 70 ft.

5' #10 Container .....	30.60	29.05
6' #10 Container .....	34.70	33.00
1.75" #25 Container .....	94.00	89.00
2" #25 Container .....	110.00	105.00

**Quercus shumardii** (Zone 5)  
 Shumard Oak

Upright spreading oval tree with dark green foliage turning red in fall; drought tolerant; 50 feet.

5' #10 Container .....	30.60	30.60
6' #10 Container .....	34.70	33.00
1.75" #25 Container .....	94.00	89.00
2" #25 Container .....	110.00	105.00

**New Item!**

**Quercus x warei 'Long'**  
 Regal Prince® Columnar Oak

An English and Swamp White Oak Hybrid. Very narrow, oval form; the foliage is glossy, dark green with a silvery underside. The tree is disease resistant and tolerant of a wide range of soils; 45 ft. tall and 15 ft. tall. An Earl Cully introduction.

5' #10 Container .....	44.55	42.45
6' #10 Container .....	52.50	50.00
1.25" .....	64.45	61.40

**Rhamnus frangula 'Asplenifolia'** (Zone 3)  
 Fernleaf Buckthorn

Interesting narrow, fine textured foliage that offers an almost fern-like appearance to the landscape; a specimen plant with yellow fall color; 10 ft.

Not Available This Year

**Rhododendron 'P.J.M.'** 1-4 5+  
 P.J.M. Rhododendron (Zone 4)

One of the hardiest rhododendrons; green summer foliage turns purplish in the fall; bright lavender flowers in mid to late April; 4 ft. in height and spread.

15" #3 Container .....	18.30	17.40
18" #3 Container .....	21.50	20.50

**Rhododendron 'P.J.M. Olga'** (Zone 4)  
 Olga Rhododendron

Shiny green summer foliage turning to bronze in fall; clear pink flowers bloom two weeks later than 'P.J.M.'; 4 ft. in height and spread.

15" #3 Container .....	18.30	17.40
18" #3 Container .....	21.50	20.50

**Rhus aromatica 'Gro-Low'** (Zone 3)  
 Gro-Low Fragrant Sumac

Excellent shrub for use on banks and mass plantings; glossy green foliage turning reddish in the fall; 2 ft. in height, 6-8 ft. spread.

#2 Container .....	11.25	10.70
--------------------	-------	-------

**Rhus copallina 'Morton'** (Zone 4)  
 Prairie Flame™ Shining Sumac

Not Available This Year

A compact, seedless selection of a Midwest native shrub; glossy green summer foliage forms a dense spreading mound; August flowers are followed by brilliant orange-red fall color; 6 ft. in height by 10 ft. in spread.

**Rhus typhina 'Tiger Eyes'** (Zone 4)  
 Tiger Eyes® Cutleaf Staghorn Sumac

Not Available This Year

A beautiful golden leaved form of cutleaf staghorn sumac; new growth is a chartreuse green that changes quickly to yellow; outstanding fall colors of yellow, orange and scarlet; 6 ft. in width and height.

**Rosa x 'All the Rage'** (Zone 4)  
 Easy Elegance All the Rage Rose

A multi-colored spectacle with tight coral buds swirling open to apricot-colored blossoms with luminous yellow centers, blooming steadily all season so there will always be a range of colors to admire. Blooms age to lipstick pink before dropping cleanly away. Foliage is disease-resistant and has a perfectly round form; 2 ½ ft to 4 ft.

#3 Container .....	13.25	12.60
--------------------	-------	-------

**Rosa x 'Sunrise Sunset'** 1-4 5+  
 Easy Elegance Sunrise Sunset Rose (Zone 4)  
 A stunning blend of bright fuchsia-pink petals, fading to apricot near the centers. Disease-resistant foliage and spreading habit makes an ideal ground cover or mass planting; 2-3ft.  
 #3 Container..... 13.25 12.60

**Rosa 'Yellow Brick Road'** (Zone 5)  
 Easy Elegance Yellow Brick Road Rose  
 Neat, round, compact shrub rose covers itself with clusters of old-fashioned, lemon-yellow blossoms; blooms mature to butter-cream; will add a splash of color in the front of the border, as a groundcover and as a low hedge; excellent disease resistance; 2-3' height.  
 #3 Container..... 13.25 12.60

**New Item!**

**Rosa x 'Double Pink Knock Out'** (Zone 4)  
 Double Pink Knock Out Rose  
 A bright bubble gum pink version of Double Knock Out Rose. Classic shaped flowers from spring to the first frost; 3-4ft tall and wide.  
 #3 Container..... 13.25 12.60

**Rosa x 'Double Red Knock Out'** (Zone 4)  
 Double Knock Out Rose  
 A deep crimson, double flowered rose with all the high disease resistant characteristics that made Knock Out Rose varieties such popular garden plants. Flowers have a sophisticated, traditional rose look with an abundance of small double flowers; plant habit is slightly smaller than Knock Out; 3-4 ft tall and wide.  
 #3 Container..... 13.25 12.60

**Rosa x 'Home Run'** (Zone 4)  
 Home Run™ Rose  
 A flame red seedling of the famous Knock Out with phenomenal resistance to black spot and powdery mildew; 3-4ft. in height and spread.  
 #3 Container..... 13.25 12.60

**Rosa x 'Knock Out'** (Zone 4)  
 Knock Out( Rose  
 Exhibits disease resistance at its best; glossy foliage and a continuous display of cherry red blooms; 3-4 ft.  
 #3 Container..... 13.25 12.60

**Rosa x 'Pink Knock Out'** 1-4 5+  
 Pink Knock Out™ Rose (Zone 4)  
 Vigorous shrub exhibiting outstanding disease resistance; dark pink buds open to bright, medium pink, cup-shaped blossoms from early summer to fall; as hardy as its parent, Knock Out™; 3-4 ft.  
 #3 Container..... 13.25 12.60

**Spiraea japonica 'Neon Flash'** (Zone 4)  
 Neon Flash Spirea  
 Vivid red flowers bloom late spring through fall; purple new growth turns green; 2-3 ft. in height, 3-4 ft. wide.  
 #3 Container..... 11.00 10.50

**Styrax japonicus** (Zone 5)  
 Japanese Snowbell  
 Handsome small tree with graceful habit; a profusion of white, bell-shaped, pendulous flowers in late spring or early summer; splendid tree to sit under and look up into; 25 ft.  
 #10 Container..... 33.90 32.30  
 1.5" #20 Container..... 63.00 60.00

**Styrax japonicus 'Pink Chimes'** (Zone 5)  
 Pink Chimes Japanese Snowbell  
 Pink bell-shaped, extremely fragrant, pendulous flowers on an upright shrub or small tree; 20 ft.  
 #10 Container-Tree Form ..... 44.55 42.45

**Styrax obassia** (Zone 5)  
 Fragrant Snowbell  
 Large white fragrant flowers adorn this small tree in mid-May after the leaves appear; smooth gray bark with vertical fissures merit attention; an isolated plant makes a striking landscape element; 20-30 ft.  
 4' #7 Container..... 25.25 24.05  
 5' #7 Container..... 30.10 28.65  
 6' #7 Container..... 36.10 34.40

**Syringa patula 'Miss Kim'** (Zone 3)  
 Miss Kim Lilac  
 Lovely oval-rounded selection with purple flower buds and lavender flowers; dense in habit with respectable reddish-purple fall color; 3-5 ft. in height.  
 #3 Container..... 13.40 12.75

**Syringa pekinensis 'Summer Charm'**  
 Summer Charm Tree Lilac

Impressive small creamy white flowers with a mild honey scent in late May; good disease resistance; reddish-brown peeling bark; 30 ft.
